

NATIONAL MEMBERS

On behalf of the GINETEX board and the GINETEX headquarter in Paris, National Members represent the interest of GINETEX worldwide.

GINETEX counts 22 national organisations as National Member representing all interest parties concerned in their country, and covering today almost all the European countries, North African countries, Brazil and Japan.

GINETEX National Members receive an exclusive mandate from GINETEX to represent and promote its five care labelling symbol trademark on a national level. Only one committee per country will be recognized as GINETEX National Member.

You can reach the GINETEX National Member of your country based on the list below, or if there is any National Member in your country, you are invited to contact the GINETEX headquarter based in Paris.
